SINCERITY
H.M. 1956 and President's Cup

AGAIN we present some of the best daylilies from other breeders and a few of our own, which we have found, after close observation for several years, to be worthy of a place in your garden.

WE do not have space for lengthy descriptions but the essential characteristics are accurately given for each.

OUR interest in breeding superior late blooming daylilies grows greater as we observe each new group of seedlings. The future is bright and beckons us onward. Our best wishes for a good gardening year.

Viola M. Richards
